### Snow Removal on Streets is Provided by Jefferson County

It's that time of year again...snow, snow and more snow! Residents often have questions regarding snow removal on Ken-Caryl Ranch. Snow removal for most roadways within Ken-Caryl Ranch is provided by the Jefferson County Road and Bridge Department. You may reach Jefferson County Road and Bridge at 303-271-5200.

The Ken-Caryl Ranch Metropolitan District Parks Department is only responsible for snow removal on Ranch-owned property. The first priority for snow removal by the Parks Department is clearing snow from Ranch buildings for access and safety. Crews will be dispatched to shovel, apply sand and ice melt, and to plow snow to maintain safe access to all Ranch-owned/operated facilities while the facilities are open. Snow removal activities may cease after all facilities are closed for the day and resume prior to the next business day's scheduled opening. Second priority will be given to designated sidewalks and paved trails for snowfalls greater than three inches.

Thank you to so many of you who have provided your input on our survey questions about the future of trash/recycling at Ken-Caryl. We received almost 700 responses and several comments. Some people are interested in the totes. Others preferred for the service to remain status quo as they do not want to handle the larger totes or do not think they have room for them. At the Board meeting last week the Board decided to provide a hybrid system. Trash and recycling will be serviced each week, and homeowners will have the option of using either the totes or continuing just as you are doing now using your own containers (either small trash cans or bags). Please watch for more

details in future issues of Life at Ken-Caryl.

Residents were also asked if they would be interested in a composting service. About 21 percent of respondents indicated they would be willing to pay extra for composting. We will offer this option, but it will only move forward if at least 500 residents sign up through Waste Connections. We will announce details and sign-up procedures for this service option soon.

The Board also asked for your thoughts about the future of our neighborhood signs. Again we received several responses, and they were mixed. Some do not think there is a need for the neighborhood signs; others think they are important. Some felt that the Master Association should continue maintaining and as necessary replace the signs; others were willing and felt it was appropriate for the neighborhoods to be responsible for their own signs. The Board would like to thank everyone for their comments. The comments didn't give clear direction on how to proceed, so the Board would like to survey the residents about the different options. Stay tuned for details about the survey.

**Cub Scout Food Drive Begins**

Submitted by Angie Hastings, Heirloom

It is that time of year again. The fall chill is in the air and Ken-Caryl's Cub Scout Pack 742, partnering this year with Colorado Home Realty, is conducting their annual Food Drive in the Ken-Caryl Valley. Valley residences will receive a flyer and a donation bag hand-delivered to their home on the weekend of Nov. 7.

This year we are supporting the 9 Cares Colorado Shares Food Drive. If you would generously donate a few items, we will have the Cub Scouts return to your front porch on Saturday, Nov. 14 to pick up your donations. Please try to place your items out by 9 a.m. so the Cubs can sweep through the neighborhood as quickly as possible.

The food items most needed include: peanut butter, tuna, canned meats, tomato sauce, pasta, rice, beans, mac-n-cheese, cereal, oatmeal, baby food and formula.

If we miss your pickup, we will also have a donation drop box at the Community Center through Friday, Nov. 20. If you would like to make other pickup arrangements, please contact Angie Hastings at 720-202-4511.

On behalf of Cub Scout Pack 742 and Colorado Home Realty, thank you in advance for your generosity!

## Bond Improvement Projects Status Update

Submitted by Lisa Lorman, Vanir Construction Management

The last update provided in Life at Ken-Caryl referenced the next milestone in the project as being the issuance of permits by the Jefferson County Building Department. This process can be fairly lengthy, and includes reviews and comments by many entities within Jefferson County.

One step in that process was attending a Planning Commission Hearing on Oct. 14. The project team was in attendance for any questions regarding the improvements. The projects were approved without any public comment or questions from the Planning Commission – a small victory in the process! The building department released the building permit to Adolfsen & Peterson for the interior renovation work at the Ranch House.

During the plan review process, our licensed and certified general abatement contractor, CRS/COCA, removed the asbestos-containing materials from the Ranch House Area 1 (Map Room, A/V Room, Adult Lounge and Lobby). Abatement activities needed to occur in advance of demolition activities performed by Adolfsen & Peterson, which began on Monday, Oct. 26. The work areas were professionally contained during these activities, eliminating exposure to Ranch House staff. The environmental engineer, CTL Thompson, then performed pre and post-abatement inspections and air sampling as needed. With clearances from CTL Thompson and the Ranch House building permit, Adolfsen & Peterson received the green light to proceed with Area 1 demolition and construction activities.

Construction activities on the Dakota Lodge and Community Center will commence once the Jefferson County Building Department provides building and site permits. We anticipate that to occur very soon.

As always, if you have any questions or concerns, please email [bondprojects@kcranch.org](mailto:bondprojects@kcranch.org).

## Heirloom Park Open House Nov. 11

As part of the Bond Projects, Ken-Caryl Ranch will be updating Heirloom Park, which is located off of Club Drive and Mountain Oak in the Valley. You may remember that concept plans were presented last year, but some residents expressed concerns regarding the plans. With the feedback in mind, new concept plans are being developed. The plans will be presented on Wednesday, Nov. 11 from 4:30-6:30 p.m. at an Open House at the Ranch House. We encourage residents to attend and provide feedback. If you can't attend, the plans will be posted online after the Open House.

able to use the totes provided by Waste Connections or their own trash/recycling containers.

- The Board reviewed the 2016 draft budget and directed staff to make some changes and present for approval at the November business meeting. There is no dues increase anticipated for 2016.
- The Board discussed the future of individual neighborhood signs. Several comments have been received from residents, but the Board would like to gather additional information. Staff will draft a survey.
- The Annual Trails Report was presented.
- The Board approved the Open Space Committee's recommendation for house guest use of the ID bracelets for recreating in Open Space.
- Staff presented the quarterly goals report to the Board.

## Contractor Reference Database

By Architectural Administrator Julie Kearful

Did you know that an online database of contractor references is available on our website at [www.ken-carylranh.org](http://www.ken-carylranh.org)?

There are hundreds of contractors listed in the database. We hope this information will be helpful to residents who are making improvements to their properties and may not have had experience with a specific contractor. Reviews are categorized according to specific specialties such as plumbing, electrical, renovations, roofing, painting, flooring, etc.

The Contractor Reference Database provides an opportunity for residents to give a review of local contractors, doing both interior and exterior projects, and make it available for others to review. If you would like to submit a contractor reference and be included in our online database, you can complete the online form at [www.ken-carylranh.org](http://www.ken-carylranh.org) under the Residents tab then Contractor Reference Database. These forms are available at the Ranch House as well. Your name and other contact information will not be published online but a printed copy that includes your information will be available for review at the Ranch House.

Prior to this database, residents could submit a contractor reference form to the Ranch House to be included in the large notebooks kept in the Ranch House Administrative Offices. These books continue to be located at the Ranch House and can be viewed during regular business hours. The paper form can still be found on our website if you prefer a hard copy.

Please don't hesitate to call me at 303-979-1876, ext. 119, or email [juliek@kcranch.org](mailto:juliek@kcranch.org) should you have any architectural questions or comments. Help will be gladly offered.

## Watch Out for Wildlife in Fall

By Open Space Ranger Matt Oven

Fall is the time when wildlife start preparing for winter and is breeding season for deer and elk. Increased activity in the fall can lead to conflicts with wildlife. By adhering to a few guidelines, Ken-Caryl residents can avoid potentially dangerous situations.

- BEARS are preparing for hibernation, and they will need to consume up to 20,000 calories a day. Residents should remove all attractants like birdfeeders and remember to store trash indoors until the morning of pickup.
- DEER are entering the breeding season and male deer will be searching for mates and can be very aggressive. Never approach male deer and give them plenty of room to escape if encountered.
- VEHICLE COLLISIONS with deer increase in the fall as the days gets shorter. Please slow down and be aware of major deer crossing areas like the intersection of Valley Parkway and Club Drive and the blind corners on Ken-Caryl Ave. as you enter or leave the Valley.
- NETS – Soccer, volleyball or badminton nets are a hazard to deer and elk due to entanglement and can cause serious injury. Please take them down on a daily basis when not in use.
- HOLIDAY LIGHTS that are strung on trees and shrubs can get caught in deer antlers and may hinder movement or feeding. If possible, restrict holiday lights at your home.

For more information, contact the Ranger staff at 303-979-1876, ext. 170, or Colorado Parks and Wildlife at 303-291-7227 or visit [www.wildlife.state.co.us](http://www.wildlife.state.co.us).

Please take down your sports nets on a daily basis when not in use. Soccer, volleyball or badminton nets are a hazard to deer and elk due to entanglement and can cause serious injury.

## League of Women Voters to Discuss Process of Amending the U.S. Constitution

Submitted by Karen Groves, Jeffco League of Women Voters

The U.S. Constitution is difficult to amend. In fact, in the more than 220 years since the first 10 amendments known as the Bill of Rights were ratified in 1791, the constitution has been amended only 17 times. History tells us that the framers of the constitution deliberately made it difficult to alter in order to prevent tyranny of the majority; to protect the rights of the minority from oppression.

The League of Women Voters of Jefferson County will be participating in a U.S. League of Women Voters national study of the process of amending the U.S. Constitution. The League believes it is right and permissible to amend the constitution when circumstances demand it. The League itself was born from a decades-long effort to pass the 19th Amendment. The League will be exploring the shared values and beliefs of members regarding circumstances that might allow or compel it to endorse either a constitutional amendment or an Article 5 Convention, and members will answer consensus questions during its six unit meetings Nov. 10-12.

The League meets in the Chatfield area at 9:15 a.m. Tuesday, Nov. 10, at St. Philip Lutheran Church, 7531 S. Kendall Blvd., Littleton. Call Christina, 303-470-1809 for information. All are welcome. An evening meeting also is available. Call Lucinda at 720-254-5741 for details.

## Hot Tub Outlet

By Community Relations Director Victoria DeSair

Hot Tub Outlet, owned by Tracee Ezman, is a full-service spa showroom located in the GarageTown development in the Ken-Caryl Business Center.

Tracee Ezman is the owner of Hot Tub Outlet, which is a full-service spa showroom located in the GarageTown development in the Ken-Caryl Business Center.

Hot Tub Outlet sells hot tubs, swim spas, covers, accessories, chemicals and chemical-free spa products. The company sells floor models, but it specializes in custom orders. The company also repairs spas and can order parts for most hot tub brands. In addition to hot tubs, Hot Tub Outlet carries indoor water features and will soon offer a line of fire features and barbeque islands.

When you custom order a spa, you pick your colors, accessories and jet configurations that match your style and price range and at no extra cost to you. Your purchase price includes everything you need including delivery and placement into your backyard. You can also add an infrared or steam sauna.

Tracee has 15 years of previous experience in the remodeling industry and then started selling spas and saunas through local and national manufacturer sales events. She opened Hot Tub Outlet in April 2015.

"Working in the building industry, I was very familiar with decks, patios, and outdoor décor so it was a natural progression to move from remodel to hot tubs," Tracee said. "But most of all because it is a fun sell! People love to have an outdoor oasis at home to relax, and it helps people! Hot tubs and saunas are not considered luxury items as much anymore. The wide array of health benefits and therapy are now more of a necessity to people of all ages and activity levels. Spas are now easier to maintain and easier on the utility bills."

Tracee said the quality of the spas carried at Hot Tub Outlet differentiates the business from other similar businesses.

"The Turbo Spa brand exceeds that of the typical 'big name' spa brand. The industry has changed a lot in the past 15 years, and in a world of outsourcing and international trade, many spas are not even made in the United States anymore," said Tracee. "Cost and profit has become more important than quality, and few companies pass that cost savings on to the customer. Many spa brands are still

being made with the same insulation used in the 1980s. My Turbo Spa brand breaks through the industry norm by offering solid construction, state-of-the-art insulation, and all American-made parts. We believe in selling a spa that lasts and is American made!"

As the owner, Tracee said she plays a very active role in all parts of the business and loves to meet customers and make sure they are getting the best possible attention and customer service.

"Customer service is my strong point. It's kind of a lost art these days," she said. "I don't mind looking for that unusual part they need for their used spa, or even sharing exercises that can be done in the swim spas and hot tubs. It's all about improving the customer's lifestyle, whether that is improving mobility, relaxation or the family experience. And of course it's a major goal of mine to create an unparalleled buying experience."

Hot Tub Outlet runs a special every month on specific products. For the month of November, the business has \$500-\$1,000 off specific hot tub models and swim spas as well as 20 percent off all specialty accessories like spa umbrellas and covers.

## Feeding Deer a Big Problem

*Note: The following article is probably familiar to regular readers of this paper. Each year, especially in the fall and winter, the Rangers receive calls from residents reporting that a neighbor or friend is feeding deer. People feed deer because they think the animals are unable to survive on their own in harsh winter conditions or because they like to see the animals around their property.*

*Regardless of the reason, feeding deer does much more harm than good. Colorado Parks and Wildlife is also very concerned about this problem because it hastens the spread of diseases like Chronic Wasting Disease. In the past few years new laws have been passed that prohibit placing salt licks on your property to attract deer or to be more careful in putting out feed for wild birds that may also attract deer or bears. The Rangers hope the problem can be resolved through educating residents about the negative effects of feeding deer since even the people who cause the problem do seem genuinely concerned for the deer. Law enforcement would be used as a last resort.*

It is not uncommon to see deer in proximity to houses in the Valley of Ken-Caryl Ranch. It also may appear that our deer are concentrated into smaller areas. Deer will concentrate in certain areas for many reasons. Past experience has indicated that this phenomenon occurs, in many cases, when individuals begin feeding them. By feeding the deer, people are breaking the law, and it can actually harm deer and cause other problems. For example:

- Ken-Caryl Ranch is in prime deer habitat. Feeding will not prevent deer from damaging your ornamental

plants. It usually results in greater damage to plants as well as those of your neighbors. For information about the use of non-preferred ornamental species, barriers and repellents, you may contact the Ranger staff.

- Deer have a complex digestive system that is not adapted to large amounts of grain, bird seed, bread or many types of hay. Feeding is often unhealthy for deer. Addiction to artificial feeds often results in deer that are in poor condition causing lesions and ulcers in the stomach and esophagus, causing them to be euthanized. Concentrating deer by feeding can also increase stress and hasten the spread of diseases.
- Deer are the primary prey of mountain lions. Concentrating deer by feeding can attract mountain lions well within private property. It may become necessary to kill these lions for public safety. Feeding also concentrates deer in areas where they are more likely to be chased by dogs or hit by cars.

Mammals are very intelligent, and they quickly learn to associate people with food. As a homeowner you can help. If you know of any person feeding deer, please call the Ranger staff at 303-979-1876, ext. 170. We would like to have the opportunity to discuss this problem with any individuals engaged in this activity and stop this behavior for the benefit of our deer population and the community at large that enjoy seeing these animals acting more wild.

## Chatfield Boys' Varsity Tennis Sweeps the Region

Submitted by Carolann Holmes, Stallion Pointe

The Varsity Tennis Team certainly charged its way through the season, going undefeated in league play. All 11 players on Chatfield's Varsity Team took home All-Conference awards for their season play, and Freshman Christian Holmes was awarded the Most Valuable Player for Jefferson County.

At the Regional Tournament, victory went to the Chargers again. Five of the seven courts took first place in Region, and the remaining two took second, all advancing to the State Tournament. The State Tournament is the culmination of the best 5A players in the state. Christian Holmes was the only freshman competing at the number one singles position in the State Tournament. He battled well, yet got knocked out in the quarters. Seniors Sam Meyer and Austin Stutz had a great tournament and took home the fourth-place medal at the number one doubles position. Hats off and kudos to Coach Devin Van Treek and all the varsity players.

(Front Row from Left to Right): Christian Holmes (Stallion Pointe), Sam Meyer and Zac Meyer (Carriage Hill) and Josh Baker. Not pictured: John Simpson (Retreat).

The top two singles players for the Chatfield Chargers are happy with their victory. From left to right: freshman Christian Holmes of Stallion Pointe and junior Patrick Ross from Cimarron.

◆ Foothills Agreement

## Temporary Agreement for Use of the Peak Community & Wellness Center

For a limited time, while the Ken-Caryl Ranch Community Center is being renovated, Ken-Caryl residents may utilize the Cardio Circuit/Weight Room ONLY at the Foothills Peak Community & Wellness Center at Foothills resident rates. The Peak is located at 6612 S. Ward St., across the street from the Ridge Recreation Center.

This agreement is in addition to the arrangement that is already in place for Ken-Caryl residents to use the Ridge Recreation Center at Foothills resident rates. To take advantage of discounted fees, a Foothills photo ID card is required. If you already have your KCR ID from Foothills, you don't need a new one. If you don't have one, you will need to purchase one for \$5 at the Ridge Recreation Center. ID cards can't be purchased at the Peak.

Special rates are valid ONLY for select activities at the Ridge Recreation Center and Peak Community & Wellness Center. Fees, facility hours, and other details are listed on the Foothills website at [www.ifoohills.org/kencaryl.asp](http://www.ifoohills.org/kencaryl.asp).

The Cardio Circuit/Weight Room at the Peak Community & Wellness Center will be available to Ken-Caryl residents at Foothills resident rates during the Ken-Caryl Ranch Community Center renovation.

◆ Letters to the Editor

### LETTERS TO THE EDITOR ARE WELCOME AND ENCOURAGED

from any Ken-Caryl resident in good standing or from any elected official. Letters should be concise — no letters over 350 words— and must be received by 5 p.m. on the published deadline date, which is typically the Monday of the week prior to the edition date, but the day can vary. Deadline dates can be found at [www.ken-carylranh.org](http://www.ken-carylranh.org).

The preferred method for submitting letters to the editor is by email to Victoria DeSair at [victoriad@kcranch.org](mailto:victoriad@kcranch.org), but they may be mailed or hand-delivered to the Ranch House, Attn: Victoria DeSair, 7676 S. Continental Divide Road, Littleton, CO 80127. We do not print anonymous letters. Letters must include name, address and phone number (daytime), but only the resident's name and subdivision will be printed in the paper. Residents may submit up to eight letters to the editor per calendar year. Letters will be printed on a space available basis and may be edited. The editor retains right to appropriateness and content. Published letters to the editor do not necessarily reflect the views or opinions of the Master Association, its directors, officers, employees, agents, staff, Life at Ken-Caryl or its editor. Neither the editor nor the Master Association accepts any responsibility for the content of these letters. Writers accept full responsibility for their written word. Letters should comply with acceptable standards for courtesy and respect.

Dear Editor:

On Aug. 2, 1943, a young man on the north side of Chicago, Illinois turned 18 years old. The world was engulfed in the flames of war and intolerance. Dictators and tyrants were on the march, and hope and peace were a long forgotten dream. This young man enlisted in the U.S. Navy and served in the Pacific Theater until 1946, when he was honorably discharged. He was always proud to have served and instilled that pride in his family.

That young man was Erwin Figge, my father. He put his life on hold and joined millions of other men and women to serve his country. On Nov. 7, 2015, at noon, we finally have a place to honor his service and the service of all of the families in Ken-Caryl Ranch who have a veteran in their family. This project has been years in the making and is a testament to the value all KCR residents place in those who have served and continue to serve our nation. Please join me and many others as we dedicate our new KCR Veterans Monument. The monument is located at the north end of Community Park across from Shaffer Elementary School.

Dear Editor:

Thank you to Bob Generoli and the KCRMD Board for their recent action to temporarily include the Peak facility in their agreement with Foothills Park and Rec District.

The action was considered because the Ridge facility alone was inadequate in serving the full range of users displaced by the remodeling of the Community Center. I very much appreciate KCRMD leadership in helping manage this transition for residents until the new KCR facilities are completed in 2016.

While Peak facilities are very good, I do miss the friendly atmosphere and professional staff at the Community Center. I am looking forward to the new facilities at this key gathering spot and reconnecting with members of the community! It's is one of the reasons KCR is such a great place to live.

Again, thank you, Bob, the KCRMD Board and staff!
