### Snow Removal on Streets is Provided by Jefferson County

It's that time of year again...snow, snow and more snow! Residents often have questions regarding snow removal on Ken-Caryl Ranch. Snow removal for most roadways within Ken-Caryl Ranch is provided by the Jefferson County Road and Bridge Department. If you have questions or comments about snow removal, you can reach Jefferson County Road and Bridge at 303-271-5200.

The Ken-Caryl Ranch Metropolitan District Parks Department is only responsible for snow removal on Ranch-owned property. The first priority for snow removal by the Parks Department is clearing snow from Ranch buildings for access and safety. Crews will be dispatched to shovel, apply sand and ice melt, and to plow snow to maintain safe access to all Ranch-owned/operated facilities while the facilities are open. Snow removal activities may cease after all facilities are closed for the day and resume prior to the next business day's scheduled opening. Second priority will be given to designated sidewalks and paved trails for snowfalls greater than three inches.

## Give the Gift of Dirt

Need a unique gift idea for a family member or friend? How about the gift of gardening? This is truly a gift that "keeps giving" as fresh, organic fruits and vegetables will be available throughout the summer. The Ken-Caryl Community Garden has a few plots still available for the 2017 growing season. The cost of a large plot is \$150 (includes a \$50 refundable deposit) or \$125 for a small plot (includes a \$50 refundable deposit). Garden volunteers will put together a gift with a certificate for the plot, a pair of gardening gloves and wrap it for you! All you have to do is place it under the tree. Please contact [harrietcamp@comcast.net](mailto:harrietcamp@comcast.net) for more information or to order your gift.

# Christmas Tree Chipping at Brannon Gearhart Park

The Parks Department is accepting Christmas trees for chipping again this year at Brannon Gearhart Park. Please note that trees CANNOT be dropped off at Dakota Lodge. Brannon Gearhart Park is located just east of Valley Parkway between Mahonia and Buckthorn. Simply drop off your tree in the designated area anytime between now and Jan. 15. Be sure to remove any non-coniferous items such as metallic materials and tinsel before bringing your trees because many materials can damage the chipping equipment. The mulch will be applied at the base of trees and shrubs in parks and greenbelts.

# Historical Society Oral History Interviews Available Online

Submitted by Marilyn Norris, Ken-Caryl Ranch Historical Society

When the Jefferson County Public Library learned that the Ken-Caryl Ranch Historical Society was working on an oral history project, they invited us to share our recorded interviews with them to add to their online collection. These and many other oral histories are available online at the Jeffco Library website, jeffcolibrary.org, under the Research tab then Local History and Jeffco Stories. Interviewees included descendants of the early owners James Adam Perley and John Shaffer, developers of Ken-Caryl Ranch, and current employees and residents.

The following interviews were recorded over the past few years:

- Chris Pacetti, Executive Director of Ken-Caryl Ranch, gave an early history of the Ranch from an administrator's point of view.
- Darrell Windes, Ken-Caryl Ranch Metropolitan District Manager, also told about the early history of the Ranch before the Master Association was in place.
- Dennis Carruth, currently President of Carruth Properties, told about being involved with Ken-Caryl Ranch development since 1973.
- Mark Kopatz, part of the development consulting team, shared stories of planning the open space and naming the streets.
- Sean Warren, Open Space Manager, related his transition from working on

construction on the Ranch in 1981 to the challenges of his current position.

- Dean Peterson shared stories of the years he owned and operated the Manor House restaurant from 1990 to 2006.
  - Martin and Dorothy Burdick, Ken-Caryl residents since 1992, related stories about founding the Ken-Caryl Ranch Historical Society.
  - Dolores Ebner, a former resident who with her late husband, Don, researched and published information about early Ranch owners, the Bradfords, Perleys and Shaffers, was asked to share their research process.
  - Bob Abbott shared memories told to him by his uncle, Jerry Hazel, who worked as a hired hand on the cattle ranch around 1946. Jerry bulldozed the first dirt road in the South Valley, now known as South Valley Road.
  - Descendants of James Adam Perley, including Karen Van Gundy, Judy Perley Janicak and Linda Shea, brought photos and documents to share.
  - Descendants of "Cap" McDannald, including Jane McDannald Russell, Kim McKinney and Martha Rains, along with other relatives, drove here from Texas to share memories of visiting the Ranch when it was still a cattle ranch.
  - John Holmes, grandson of "Cap" McDannald and a former District Attorney in Texas, described visiting the Ranch for the first time in the 1940s.
  - Descendants of John Charles Shaffer, including Donna Shaffer Ackles, Dana Shaffer Boatright and Darla Shaffer (former member of Historical Society), shared stories of the Shaffer family.
- The interviews were conducted primarily by Marilyn Elrod and Marilyn Norris with some others present during the descendants' visits.

## Rangers Spread Cheer with Annual Christmas Tree Event

In November, the Ranger staff harvested trees from the open space to help with fire mitigation. These trees were distributed at the annual Open Space Tree Sale at Dakota Lodge on Dec. 3, and residents generously donated a total of \$2,900 for about 350 trees. The donations will be used by the Rangers to help purchase open space supplies. Thank you to all the residents and volunteers for their support of this event over the past 14 years!

## Art Guild Member in the Spotlight: Steve McCall

Submitted by Michele Sires-DeLorean

In 2006, long-time area resident and current Ken-Caryl Art Guild President Steve McCall responded to an ad in Life at Ken-Caryl seeking musicians for a band associated with the Guild. It certainly seemed like a fun thing to do; and after that casual encounter, he attended several meetings and ultimately joined the group because he liked the idea of learning and socializing with fellow artists.

Ten years later, Steve has been traveling down the path of an emerging visual artist, creating bronze sculptures that bring his creative visions to light in form and space.

His latest challenging project was "Guardian of Freedom," a life-size bronze sculpture of an American Bald Eagle, recently unveiled last month on Veterans Day at the Veterans Monument at Ken-Caryl Ranch in Community Park.

Here are Steve's responses to interview questions as the Ken-Caryl Art Guild Member in the Spotlight:

*What art do you make, and how do you work?*

I make clay sculptures that are cast in bronze at local foundries. Since I have a full-time job, I sculpt on evenings and weekends. I use one of the bedrooms in my house as a studio, and I often use a photograph as a basis for my work.

*What's your background?*

I have been in the Civil Engineering industry for over 40 years. I am a Computer-Aided-Design (CAD) specialist, using AutoCAD and other 3D software. I don't have any formal art education, except for a few classes at The Art Students League of Denver.

*What subject/themes do you pursue?*

I like to try to capture the action, expression and emotion in human activity. The eagle for the monument was a departure for me as it is a wildlife subject and much larger than my previous works.

*Describe a real-life situation(s) that inspired you/your art.*

I was inspired by visiting art museums in Washington, D.C. on a business trip, and by the Benson Sculpture Garden in Loveland, Colorado. For my first sculpture, "Taking Off in a Flying Dream," (a 14-inch

tall male figure leaning forward with his arms outstretched), I drew upon my experience of having several "flying dreams" when I was younger. In my dreams, I am in my backyard, the wind comes up, and I spread my arms and take off. Later, I was inspired by my son who was in the drumline in high school, and I created a small sculpture of him in his marching band uniform.

*What's the best piece of advice you've been given?*

1) "Do what you love" – my sculptures are of subjects that interest me – not necessarily popular subjects or of what might sell better. 2) "Mind your own business" – good advice not only in art but in everyday life.

*What material or tool wouldn't you do without?*

Hammer – wrench – drill – pliers. Wire. Oil-based clay. A good sculpting tool. The weird stuff I stash in my garage.

*Professionally, what's your goal?*

To have a piece of my art in the Benson Sculpture Garden (Loveland, Colorado), and/or in the Denver Art Museum.

Generally, to have fun and create works of art that are pleasing to the eye, and hopefully, to make a few bucks for supplemental retirement income.

*Do you welcome commission work?*

Commissions can be difficult, with restrictions and deadlines; but if the subject and the compensation are interesting to me, I'm there. I would like to try doing commissions for portrait busts utilizing 3D scanning and printing for better accuracy and faster production. I can be reached at 303-726-7077 or via email at smccall51@comcast.net.

## 2016 Report to the Ken-Caryl Community

Submitted by James Lawrence, Ken-Caryl Ranch Firewise Committee

Ken-Caryl faces a serious risk from wildfire. The foothills have a fire history, topography and wildland fuels, along with adjacent homes and vegetation, that add up to a high-potential hazard. We need to look no further than the Colorado Springs 2012 Waldo Canyon fire in a community very similar to our situation to realize the possible destruction that can take place. During the height of the Waldo Canyon fire, one home was lost every minute; whole neighborhoods were destroyed.

Due to our risk, a Firewise Committee was established early in 2016 through support from Colorado State Forest Service, Jefferson County Emergency Management, West Metro Fire Rescue, Ken-Caryl Ranch Master Association, and Ken-Caryl Ranch Metropolitan District, and an application to be part of a National Firewise effort was approved. The committee's four members are:

Daniel Hatlestad (chair), Tom Thompson (secretary), Jim Lawrence and Keith McMillan. Daniel and Keith are members of an adjacent fire department, and Tom and Jim have a combined 70+ years of wildland management and protection experience.

A Ken-Caryl Ranch Community Wildfire Mitigation Plan prepared by Colorado State Forest Service - Golden Office (December 2014) served as the basic planning document to identify issues, opportunities and initial actions. The emphasis was providing homeowners information/education, and to build upon community partnerships with Jefferson County, West Metro, and volunteer support groups.

### 2016 Highlights

#### Valley and North Ranch Wildfire Evacuation Exercise

An informational and educational meeting was held at Chatfield High School prior to the May 21 exercise. Topics were:

- Managing wildfire risks at the residential interface
- Emergency notification systems such as Code Red
- Creating defensible space around your home
- Preparing your family for evacuation
- Role of fuels and prescribed fire mitigation
- Planning for pet-safe evacuation

The evacuation exercise was conducted by West Metro, Jefferson County Emergency Management, volunteer organizations, and several other local, state, and federal agencies. They tested agency coordination, communications and preparedness, as well as provided an opportunity to residents to practice an evacuation without impacting their weekend activities.

#### Information and Education

Firewise committee members provided informational materials to residents at the Recycling Event, the Spring Fling, the BrewHa Barn Event, and in numerous Life at Ken-Caryl articles. These articles along with some excellent reference material are archived on the Ken-Caryl website (ken-carylranh.org) in the Residents information section.

An example of sharing information and being a responsible neighbor was illustrated by resident Carolee Scoville who organized a wildfire preparedness presentation for her neighbors in the Valley. If you are interested in a neighborhood meeting, contact Keith McMillan at firewiseguy@yahoo.com.

#### Fuels Mitigation Projects

Gary Norton and the Ken-Caryl Ranch Park Rangers, along with contractors,

are conducting several fuels mitigation projects and the Christmas tree harvest sale in the open space to reduce risks.

#### Are We/You Firewise?

By working together and by individual actions we can improve protection to our families, to our property, to our neighbors, and to the wonderful attributes of the Ken-Caryl community. Just as the old saying goes "good fences make good neighbors," being Firewise makes for being a responsible community member.

Our committee looks forward to helping in this effort in 2017, and we appreciate the excellent support given by Ken-Caryl Ranch Master Association, Jefferson County Emergency Management, West Metro Fire Rescue, Colorado State Forest Service and the National Firewise Organization.

Ken-Caryl Resident Joel Scoville does fire mitigation work by removing low-growing juniper bushes that are within 20 feet of his home. Next, he will remove the lower branches of the Blue Spruce behind him. Junipers and conifers are extremely flammable because of the resin and oils in the bark and needles. If an ember or firebrand lands on a juniper, it can easily catch fire and is like a wick leading up to your home.

## Smart911 Allows Users to Create Safety Profile for Emergency Dispatchers

Without Smart911, dispatchers are only aware of a phone number and minimal location data.

Smart911 is a free service with which users create a safety profile by entering vital data they want made available about themselves, their family, their residence and even their pets.

Data given can include photos; information regarding medical conditions, allergies, disabilities and/or special needs; home addresses of cell phone callers; and floor plans to name a few.

Smart911 delivers this information automatically to dispatchers, who then enable responders to be more successful with access to critical health and logistical information before arriving at the scene of an emergency.

Where are you? What medications do you take? What if you could provide emergency dispatchers with lifesaving information before an emergency? Now you can. It's free, private and secure. Create your safety profile by visiting the Smart911 website at [www.smart911.com](http://www.smart911.com).

## Who Are We Today? Rediscover Jeffco Through League of Women Voters

Submitted by Karen Groves, League of Women Voters

Jefferson County is like a state within a state due to its size and diversity, with seven cities, five towns and 17 unincorporated communities. Population is growing in some areas and stagnating in others, but overall, it is burgeoning.

How do we address these shifting needs? The League of Women Voters of Jefferson County begins a four-part series in December to update Jeffco's changing demographics and its ramifications. The League will present an overview at six unit meetings Dec. 13-15, with future focus on aging, housing and education. The Chatfield Unit will meet at a member's home in Littleton for a potluck luncheon on Tuesday, Dec. 13. Call Elaine at 303-979-3721 for information and directions. There also is an evening meeting; call 303-972-4238 for details.
