## Colorado Court Of Appeals Rules In Favor Of KCRMD In Plains Metro District Case

The Colorado Court of Appeals on May 9 issued its ruling in the appeal by the Plains Metropolitan District (PMD) of an April 2012 ruling from the Jefferson County District Court in favor of the Ken-Caryl Ranch Metropolitan District (KCRMD).

The decision from the Court of Appeals was unanimous in affirming the earlier District Court ruling in favor of the KCRMD requiring PMD to build approximately \$3.5 million in recreational facilities for the Ken-Caryl Ranch community pursuant to its 1985 service plan. The Court of Appeals decision affirms that PMD now has 90 days to submit a proposal to the KCRMD for the financing and building of additional recre-

ational facilities for the community.

A copy of the May 9 ruling is available for review on the Ken-Caryl Ranch website at [www.ken-carylranh.org](http://www.ken-carylranh.org).

## Emergency Numbers Information: Parks, Greenbelts, Wildlife

With the summer season now upon us, it is a good time to review the emergency contact information for the parks, greenbelts and wildlife on Ken-Caryl Ranch. Residents who observe sprinkler or other problems in the parks and greenbelts during office hours should call the administrative offices of the Ranch House at 303-979-1876. Emergency calls about parks and greenbelts after normal business hours should be made to 303-979-1876, ext. 320. This phone number is monitored 24 hours a day, and staff will respond as necessary to address all emergency concerns as soon as possible.

The Ken-Caryl Ranch Park Rangers will respond to any sick, injured or dead deer on private property, private/public Open Space and roadways. They can be reached at 303-

## Volunteers Needed To Design Veterans Monument

The Ken-Caryl Ranch Veterans Monument Committee is seeking volunteers to help design the Veterans Monument. The Master Association Board approved the area north of the front entrance of the Ranch House, where the flagpoles are located to the left of the white railings, as an appropriate site for the Veterans Monument. Anyone is welcome to submit a design plan for the monument, and all help is greatly appreciated. For more information, contact Jeff Esbenshade at 303-972-3968 or [esbenshad@aol.com](mailto:esbenshad@aol.com).

## POOLS OPEN MAY 25

All three pools on Ken-Caryl Ranch will open Saturday, May 25. See Page 8 for pool hours. Several improvements were made to the pools during the offseason: the Community Center Pool was replastered, the Ranch House Pool got new furniture and umbrellas, and a new heater was installed at the Bradford Pool. If you haven't used the finger scanners for entrance to the pools or workout facilities, come by the Ranch House or Community Center.

## Chatfield Ave. Improvement Project

Jefferson County is planning a Chatfield Ave. roadway and drainage improvement project from Ken Caryl Ave. to South Everett Way. The project is currently in the construction bid process, and the County hopes to begin construction this summer.

The project includes adding a free-flowing eastbound right-turn lane and second eastbound through lane at the Chatfield and Kipling intersection. The existing drainage problems at the northwest corner of the Chatfield and Kipling intersection will also be addressed and fixed. The four-foot wide, on-street bike lanes have been eliminated from the project.

At the Chatfield/Cochetopa Pass/Shaffer Place intersection, the existing dips on the east and west legs will be modified to provide for a smoother ride. Changes will improve the safety of the existing pedestrian median crossing to the trail path between Ken Caryl Ave. and the Chatfield/Cochetopa Pass/Shaffer Place intersection. An eight-foot wide concrete sidewalk has been added to the project on the east and north sides of Chatfield from Ken Caryl to Kipling.

For more information on the project, see the Jeffco Transportation and Engineering website at [jeffco.us/highways](http://jeffco.us/highways). Ken-Caryl Ranch will be sharing timely updates on the project in our weekly email newsletter, the Ken-Caryl Ranch e-News. If you haven't signed up for the e-News, go to [www.ken-carylranh.org](http://www.ken-carylranh.org) or contact Victoria DeSair at [vicoriad@kcranch.org](mailto:vicoriad@kcranch.org) or 303-979-1876, ext. 122.

# Manager's Column

by KCRMD District Manager Darrell Windes

Each year as part of its annual budgeting, the Ken-Caryl Ranch Metropolitan District (KCRMD) Board of Directors identifies the funding of capital improvement projects to enhance the amenities and assets owned or maintained by the District. The goal of staff is to complete the major projects identified, if possible, in time for use by residents for the busy summer season. Most of the enhancements to amenities are funded through the Conservation Trust and Grant Fund and the Capital Reserve Fund. Following is a list of the 2013 planned expenditures for these funds as identified in the KCRMD adopted 2013 budget of Dec. 11, 2012:

**Conservation Trust and Grant Fund:** The money in this fund is generated from grants and State of Colorado Lottery Money.

	2013 Budget
Community Center Campus Master Plan (90% Completed)	\$32,000
Furniture for Ranch House Pool (Completed)	\$21,192
Handicap Pool Access for Community Center Pool (Completed)	\$10,000
A.D.A. Improvements (To be scheduled)	\$25,000
In-line Skating Rink Maintenance (Modified – To be scheduled)	\$10,000
New Lap Lanes for Ranch House Pool (Completed)	\$6,000
<b>Total</b>	<b>\$104,192</b>

**Capital Reserve Fund:** The money in this fund is set aside by the Board of Directors to replace assets owned or required to be maintained by the District.

	2013 Budget
Community Park Ballfield Improvements (Modified – Completed)	\$10,000
Replaster the Community Center Pool (Completed)	\$53,000
Replacement of Community Center Pool Heater (Modified – Completed)	\$29,000
Vehicle Purchase from Lease (To be scheduled)	\$4,748
<b>Total</b>	<b>\$96,748</b>

Between the two funding sources, the KCRMD for 2013 has budgeted slightly more than \$200,000 in improvements and enhancements to assets. As the operating year progresses, the KCRMD Board may adjust projects as necessary to address the highest priority needs for the community.

### Watering And Weeds

by KCRMA Community Standards Administrator Julie Kearful

Let me take a few minutes to talk about two important issues of lawn maintenance — WATER and WEEDS. Although we have had moisture recently, we will for sure experience much dry heat in the near future. During the spring season, unattended weeds can really take control of your yard. Right now it seems that dandelions are everywhere. Hopefully the following will be helpful.

First, it is not always easy to determine the amount of water or the frequency of watering that your lawn needs. The type of grass and type of soil are two factors to consider when applying water. According to CSU's Jefferson County Extension, each time you water, apply enough water to moisten as much of the turf grass as possible. Also, grass growing on sandy soil needs a smaller amount of water more often while a clay base requires more water less often. On Ken-Caryl Ranch, we have both types of soil.

Second, the presence of weeds detracts greatly from the time and expense you put forward to make your lawn a pretty place for you and your family to enjoy. CSU's Jefferson

County Extension says the best deterrent for weeds is a healthy lawn. When you discover weeds, dig them up by the roots, getting the complete root if possible. Weeding is easier if it follows lawn watering or a heavy rain, as the soil is looser and the roots are more easily pulled out completely. Many grassy weeds such as quackgrass should be dug out, removing the entire root. Then place the top soil and good grass seed in the bare spot that remains. Keep this area moist until the seedlings are up and strong.

According to CSU, when using herbicides, remember to take caution to apply the least amount possible, apply when the air is still, do not allow children and pets to play on the treated areas for several days and always make sure to read the directions thoroughly before application.

Please keep in mind that rules and regulations are dynamic in nature...new issues surface, new regulations are added, inappropriate ones are deleted and others simply are amended or updated. Ken-Caryl Ranch documents are available at the Ranch House and on our website at [www.ken-carylranh.org](http://www.ken-carylranh.org) so try to make certain you, too, are up-to-date. Also, don't hesitate to call me at 303-979-1876, ext. 119, or email [juliek@kcranch.org](mailto:juliek@kcranch.org) should you have any covenant or architectural questions or comments. Help will be gladly offered.

### Rules Concerning Homes Bordering Open Space

by KCRMA Open Space Ranger Matt Oven

Ken-Caryl Ranch Park Rangers routinely monitor Open Space lands adjacent to 850 homes looking for encroachments and landscape violations. This interface area is 17.5 miles in length. The Open Space is owned by the Ken-Caryl Ranch Master Association (KCRMA).

In an effort to minimize impact to Open Space, the KCRMA Board of Directors incorporated the *Open Space & Parks Rules and Enforcement Policy* regarding Open Space violations next to homes. The following are examples of Open Space violations and how they impact the resources contained in our Open Space.

#### Dumping

Includes grass clippings, branches, other yard waste, dog feces and construction debris. Harm to the Open Space includes yard waste containing seeds of non-native plants that can germinate and crowd-out native and other desirable plants in the Open Space. Dump piles can provide habitat for rodents and snakes that you may not want living close to your house. The Open Space is not a public dumping area but is shared by everyone to enjoy.

#### Driving In Open Space

Includes contractors using Open Space to

access an owner's property, transportation of materials, ATVs or any other unauthorized vehicles in Open Space. Harm to the Open Space includes destruction of property, weed invasions, unsightly scars, erosion of bare soil and potential ignition source for wildfires.

#### Excessive Mowing

Includes mowing beyond the allowed four-foot-wide swath where private property meets Open Space. Harm to Open Space includes excessive mowing and prevents seed development of native plants, not allowing them to reseed. Some native plants can be killed by excessive mowing, and variations in excessive mowing create an unsightly mosaic of the private property/Open Space boundaries.

#### Structures

The following structures are prohibited in Open Space: retaining walls, pathways or trails, extension of private landscaping, bird-feeders, play equipment (swing sets, trampoline)

# Board Meeting Summary

## Joint Study Session

On May 7, the Ken-Caryl Ranch Master Association and Metropolitan District Boards held a Joint Study Session at the Ranch House and discussed the following items:

- A pre-application to rezone a portion of the Deer Creek Golf Course to allow for single family and multi-family residential use was discussed. Staff will gather additional information and report to the Boards.
- Staff presented an update on the progress of the 2013 irrigation replacement project

and plans to water the turf under the drought restrictions in place for this season.

- Staff presented an update on the evaluation of hazard trees on Ranch property and plans to address them with the additional funding provided by the Master Association in 2013.
- The Board and staff began preliminary discussion regarding the 2014 budgets in an effort to get an early start on the planning.

Continued from Page 2

lines, etc.), invisible dog fences or other fences or structures. The use of Open Space for personal benefit is unfair to other property owners.

## Planting In Open Space

Includes trees, shrubs, non-native vegetation or any other non-approved plantings. Planting non-native species can compete with native species. If a resident is interested in planting in Open Space, they may submit a planting plan to the KCRMA Open Space Committee for approval.

## Enforcement Procedure

If a Ken-Caryl Ranch Rules Violation is found adjacent to your property, you will be issued a KCR Contact Notice requiring you to stop and/or clean up the area by a deadline. Failure to meet the mitigation deadline may result in a second Contact Notice.

Any two or more violations or contact no-

tices for the same violation within a 36-month period may result in a Notice of Hearing to appear before the KCRMA Board of Directors and penalties can be imposed.

*Note: Residents are responsible for the actions of their contractors. When a contractor is driving on Open Space, dumping material, installing a fence in Open Space, etc., the resident will be cited and expected to mitigate the violation.*

The main point regarding these violations is that any damage to Open Space grasses allows noxious weeds to grow. If a new weed area is established, then resources have to be redistributed from other areas to stop this new growth, straining the Ranger staff. In addition, noxious weeds can spread onto a homeowner's property. If you would like to know more information about rules violations or noxious weeds, contact the Park Ranger staff at 303-904-0249.

# Resident Survey FAQs: Brannon Gearhart Park, Frisbee Golf Course & Playground Equipment

The full listing of Resident Survey Frequently Asked Questions and the answers to previous Frequently Asked Questions are available on our website at [www.ken-carylranh.org](http://www.ken-carylranh.org) under Community & News then Resident Survey.

## Is there any way to create a filtration system at the Brannon Gearhart Park pond to keep the water healthier and the mosquitos away?

While it is possible to add a filtration system to Brannon-Gearhart Park, the cost of the project is prohibitive and has not been budgeted.

## The Frisbee Golf Course is not patrolled enough, hours not enforced, and there's crime and loitering in the parking lot. Why is it not run by the Master Association?

The Frisbee Golf Course is jointly managed by the Master Association and the Metropolitan District. We work closely with the Jefferson County Sheriff's Office to patrol the parking lot. In addition, we hire private secu-

rity to patrol on Fridays, Saturdays and other selected nights throughout the summer beginning Memorial Day weekend.

## When will we get new playground equipment at the parks?

Ranch-wide playground equipment is identified in our Reserve Plan with 25-year life expectancies. The oldest equipment is now reaching the end of its anticipated life cycle, and we are planning to replace it with playgrounds that will be accessible to all users and introduce more current equipment.

**Homeowner Alert**  
Homeowners should be aware that they might receive a recommendation that their entire sewer service line be replaced when it may not be necessary. This can be a very expensive repair, costing as much as \$10,000.00, and in many cases only a small portion of the line requires replacement, or none at all.

**WHAT TO DO**  
If you have a sewer backup:  
▶ Stop using water in your home  
▶ Call a reputable plumbing company

If you have had more than one sewer backup:  
▶ You may want to have a video inspection of your sewer service line.  
▶ Maintain a copy of the video to determine what, if any, repairs are needed.

**How Ken-Caryl Ranch Water District Can Help**  
Maintenance of the sewer line from the home to the street is the responsibility of the homeowner.  
Call us at 303-979-7424 for a FREE inspection of the sanitary sewer line in the street to make sure the District's sewer system is flowing freely.  
We also provide a FREE review of the video to help you understand the findings. Just drop off the video at the District office in the Ken-Caryl Business Center at 10698 W. Centennial Road, Littleton, CO 80127.

## Preferred Alternative For Community Center Campus Master Plan Comment Period Ends June 15

The preferred alternative for the Community Center Campus Master Plan will continue in the comment period until June 15.

Last fall, the Ken-Caryl Ranch Metropolitan District (KCRMD) Board of Directors contracted with the landscape design firm of Mundus-Bishop to develop a master plan for the Community Center campus for the purpose of planning for possible future recreational amenities and improvements on the site.

The KCRMD Board of Directors is requesting comments on the preferred alternative, which can be viewed on the Ken-Caryl Ranch website at [www.ken-carylranh.org](http://www.ken-carylranh.org). The preferred alternative plans are also available for review at both the Ranch House and the Community Center. The KCRMD Board is considering taking action at its June 25 Board meeting to approve the preferred alternative of the Community Center Campus Master Plan to use in its future planning efforts.

Please contact KCRMD District Manager Darrell Windes at [darrellw@kcranch.org](mailto:darrellw@kcranch.org) or 303-979-1876, ext. 114, with any comments or questions.

## Resident Awarded Grant From National Association Of Realtors And Good Neighbor Society

Submitted by Colette Marien

Ken-Caryl Ranch Heirloom resident Joan Rogliano of Rogliano Real Estate Group is an outstanding player in the real estate game, but what makes her truly unique is the way she gives back to the community and the time she sets aside to help women and families through her nonprofit organization, the Wildflower Women's Foundation.

The National Association of Realtor's REALTOR® Volunteering Works program announced the 2013 national recipients of men-

toring grants, and Joan was among the five chosen. The Volunteering Works recipients were selected based on their dedication to the community through volunteer work and the potential for their charitable work to be expanded with the help of an expert mentor.

Rogliano founded Wildflower Women's Foundation in 2010 to improve the lives of women who are struggling through difficult transitions of divorce or widowhood. The organization provides scholarships, legal advice, financial advocacy, workshops and mentorships.

"At Wildflower Women's Foundation, we know divorce and widowhood are two of the most traumatic experiences a woman may face in her lifetime. It was that realiza-

tion that led to the creation of the Foundation. Instead of dwelling on the negative, we are committed to staying positive! When we band together, our radiant energy spreads like wildflowers," said Joan.

Through the mentorship program, Joan will receive a grant and guidance from her mentor, 2003 Good Neighbor Claudia Deprez, based in West Palm Beach, Fla. Her goal is to increase the organization's visibility and build a stronger network of professionals to support women in transition.

## Development Updates

### Public Hearings For Proposed Doggie Day Care Facility

Public hearings have been scheduled before the Planning Commission and the Board of County Commissioners for a proposed doggie day care facility on the land near Colorado Tires, the Hampton Inn and the former Applebee's. The proposed facility is called Come Sit Stay Pet Resort.

The Planning Commission hearing is scheduled for May 29 at 6:15 p.m., and the Board of County Commissioners meeting is scheduled for June 18 at 8 a.m. All hearings are held at the Jefferson County Courts and Administration Building, 100 Jefferson County Parkway, Hearing Room 1, First Floor, in Golden. A staff report will be available for review at <http://planning.jeffco.us> one week prior to the hearing.

There are two ways to participate in the public hearing process: 1) submit a letter to Case Manager Alan Tiefenbach at [tiefenbach@comcast.net](mailto:tiefenbach@comcast.net) expressing your position on the application, or 2) attend the hearings and provide public testimony on the application.

### Pre-Application For Rezoning Portion Of Deer Creek Golf Course

A representative of Deer Creek Golf Course has submitted to Jefferson County a pre-application to rezone a portion of the golf course. Since this is a request to rezone from Recreation and Open Space to allow for the construction of single family and multifamily homes, the applicant will need to present their plans to the Board of County Commissioners (BCC) to get a ruling from them regarding the eligibility of such a request. This could happen at a number of times throughout the process, but County staff would recommend that it be done prior to submitting a formal application. Assuming that the land is eligible, these steps will need to be followed:

1. Schedule and announce a community meeting to share plans and receive input.
2. Make a formal application to rezone.
3. The application is referred for comment, a minimum of 21 days.
4. The application is reviewed in a public hearing by the Planning Commission who then makes a recommendation to the BCC.
5. The application is reviewed in a public hearing by the BCC who issues a final decision.

At this time, the County considers the application inactive as there has not been any recent activity. For more information, visit <http://jeffco.us/planning>.

### Whole Foods Giving 5% To Ken-Caryl Ranch Foundation On June 5

On Wednesday, June 5, shop at the Whole Foods Market on Wadsworth in Littleton. Whole Foods is generously donating 5 percent of that day's sales to the Foundation. The Ken-Caryl Ranch Foundation helps support many local causes that are important to Ken-Caryl residents such as the Community Garden, the Academic Scholarship Award, the Ken-Caryl Home Tour, the Ken-Caryl Historical Society, and the new Outdoor Movie Nights. **"The Doctor of the Future Will Give No Medicine, but Will Interest His Patients in the Care of the Human Frame, in Diet, and in the Cause and Prevention of Disease." ~Thomas Edison**

People usually first go to see a Chiropractor because of a symptom. I love when a patient comes in complaining about headaches. Of course, it's terrible for them, but I know how quickly we can help them. Even after 15 years of practice, it's still amazing to me how many people suffer with headaches.

"Doc, I get a migraine every month." "Doc, I have a tension headache every day." "Doc, I get headaches 3 or 4 times a week--they're not bad--just a normal headache."

It's hard to convince someone that gets 127 headaches a year it's not normal. Usually a quick scan of the neck and a simple adjustment, and that person has a new pain-free and happier normal.

If you or someone you care for is that "headache" person, we can help.

Sincerely, Dr. J

## College Bound Now Resident Helps High School Students Navigate College Selection And Application Process

by Community Relations Director  
Victoria DeSair

Anyone who has ever gone through the college selection and application process, either on their own or with their child, understands the maze that must be navigated. Ken-Caryl Ranch resident Valerie Lewis of Bradford Place started her own company, College Bound Now, to help students and parents through this confusing time.

"I started College Bound Now because I was amazed at how difficult it was to navigate, organize and understand the college search and selection process," Valerie said. "It literally became a full-time job researching and attempting to determine what schools were looking for in the applications and those all-important essays."

Valerie started learning and researching the process for College Bound Now six years ago while immersed in the college search process for her eldest son, Parker.

"Knowing that I was spending so much time investigating and aware of my background as a former teacher, friends started asking if I could help edit essays and give advice. Soon, it was expanding to help with the entire search process, navigating avail-

able scholarships and understanding athletic opportunities," she said. "I recognized there was a need for educational consulting that was not being met in this area."

Valerie offers workshops that provide information to help simplify and understand the college search process. Some of the workshops are more general and cover a variety of topics, including assessing and choosing a college, applications, essays, financial aid, scholarships and using athletic abilities to help get admitted.

She also offers smaller group seminars that focus on more specific areas. In these seminars, students actually sit down and begin the process of writing their essays, create athletic résumés and initial contact letters for coaches, or learn how to create a package for a highly-selective school. Valerie can also give one-on-one help for those who would like personal guidance throughout

the entire process.

"At the beginning, many students will claim they have no idea what they want to do or where they want to go. Oftentimes, parents and their children are overwhelmed by the sheer volume of choices when selecting a path for secondary education," Valerie said. "It brings me great joy to help them to realize how much potential they have, and that there is a place out there for them that is the right fit. I always love when I get that phone call from a client

who has been admitted to one of their top choices."

Valerie recommends starting the search process early on. She said freshman year in high school is the ideal time to start talking about interests and looking into all of the available options. If you are interested in Valerie's services through College Bound Now, you can call for a free 15-minute consultation.

## Summer Mini-Camps

Is your young one a lover of all things fun? Register them for a summer full of exploration, discovery and learning. We believe that children learn by doing, therefore our curriculum is designed to engage children in activities that will keep them moving, laughing and enjoying the summer. Our preschool programs focus on peer socialization, self-regulation and respect for others. We will spend our days making new friends, learning new things, creating works of art and experiencing independence in a fun, safe and nurturing environment. In addition to visits to the wading pool and weekly field trip adventures, children will enjoy singing, games, crafts, stories, cooking and nature walks. Small, healthy snacks will be provided. All children must be toilet trained and come to camp with a water bottle and good play sneakers.

Nature News

Leave No Trace

by Environmental Education Specialist Lauren Moon

Although the extended spring snow and rain may have us all down lately, we will all be better off in the long run. Last summer was one of the worst fire seasons that Colorado has had in a very long time, so this much-needed additional moisture will help in preventing forest fires this year.

With summer camping trips right around the corner, make sure to check for any restrictions in the area you are going. So far, restrictions in the area are pretty limited with Jefferson County having no restrictions as of press time. Please see ken-carylranh.org for any fire restriction updates.

The added moisture means a greener Colorado and a more beautiful summer season. Summer is the time for fun in the sun. We all enjoy spending our time in the outdoors: hiking, biking and planning camping trips. It's important to protect the backcountry by remembering that while we are there, we are visitors. When we visit friends, we take care to leave our friends' homes just as we found them. When we visit the backcountry, the same courtesies apply. Leave everything just as we found it.

Leave No Trace is an awareness and an attitude rather than a set of rules. It applies in your backyard or local park as much as in the backcountry. We should all practice Leave No Trace in our thinking and actions.

There are seven principles to Leave No Trace:

1. Plan Ahead and Prepare: It is always important to plan ahead in order to make the trip safe, enjoyable and to avoid unexpected

ed situations. Make sure to obtain proper permits or permissions to use the area in your plans.

2. Travel and Camp on Durable Surfaces: Damage to land occurs when visitors trample vegetation or communities of organisms beyond recovery. The resulting barren

areas develop into undesirable trails, campsites and soil erosion.

3. Pack it In, Pack it Out: Dispose of waste properly! Inspect your campsite for trash or spilled foods. Accept the challenge of packing out all trash, leftover food and litter.

4. Leave What You Find: Leave rocks, plants, animals, archaeological artifacts and other objects as you find them. Let others discover the things you have seen, and enjoy the sights with your eyes.

5. Minimize Campfire Impacts: If you build a fire, the most important consideration is the potential for resource damage. Whenever possible, use an existing campfire ring in a well-placed campsite. Choose not to have a fire in areas where wood is scarce — at higher elevations, in heavily-used areas with a limited wood supply or in desert settings. And always remember to put the fire completely out before leaving.

6. Respect Wildlife: Quick movements

and loud noises are stressful to animals. Observe wildlife from afar to avoid disturbing them. Give animals a wide berth, store food securely and never feed wildlife. And remember, you are too close if an animal alters its normal activities.

7. Be Considerate of Other Visitors: Thoughtful campers respect other visitors and protect the quality of their experience.

So please remember the principles of Leave No Trace, and keep the backcountry as pristine as you found it. A great way to spread the word is to educate the future generations! Enroll your children in Environmental Education courses this summer where they will learn all about their natural surroundings and why it is important to respect nature. Let them learn through hands-on experiences in our outdoor camps all summer long! See Pages 10-12 for a listing of courses or visit www.ken-carylranh.org.

### Foothills Feat Triathlon To Benefit Charity

The Foothills Feat Triathlon and Kids' Race is Sunday, June 2 at the Ridge Recreation Center, 6613 S Ward St. in Littleton. This event is a sprint, mini sprint and kids' race for ages 6 and up.

Race Director Trisha Byerley, owner of Mojo Fitness in the Ken-Caryl Business Center, decided a few years ago that the sport of triathlon was growing quickly and there was a need for the Littleton area to have something local. She created this race, as an avid triathlete herself, to not only help promote fitness in families but to also help support Colorado Uplift, a non-profit organization in Denver. Colorado Uplift empowers and mentors inner-city youth through relationships, leadership and character building.

Foothills Feat Triathlon is a really fun experience for everyone in the family, whether you're participating or spectating. There's a great beginner-friendly attitude, good music, raffles and food. For more information, visit [www.foothillsfeattriathlon.com](http://www.foothillsfeattriathlon.com).

# This Walk In The Park Could Save Your Life

## Jodi's Race For Awareness Set For Saturday, June 1 In Denver's City Park

Submitted by Michelle Mendoza, Gomez Howard Group

It is said that we learn something new every day. On June 5, 2010, Joyce Swanson learned something that probably saved her life. While participating in the inaugural Jodi's Race for Awareness, Joyce read the various posters listing the symptoms of ovarian cancer.

Joyce — a wife, mother of two and active runner — was not thinking of herself that day when she joined hundreds of others to promote awareness of ovarian cancer. Each of her daughters — Lindsay Abrams, a teacher,

and Laura Swanson, a nurse — had a personal connection to someone directly impacted by the disease. For Lindsay it was her first-grade student Meghan, whose mother was Ken-Caryl Ranch resident Jodi Brammeier, the driving force and inspiration for the race. And Laura's best friend from college had lost her mother to ovarian cancer.

Just over a year later, in August 2011, Joyce started feeling bloated, which is one of the symptoms of ovarian cancer. "I had a physical scheduled in September," she said. "So I talked to my primary care physician, and she

Joyce Swanson, left, and her family participated in the 2012 Jodi's Race for Awareness to help raise awareness for ovarian cancer. The event is named after Ken-Caryl Ranch resident Jodi Brammeier, who lost her battle with the disease.

sent me to a specialist. Thank goodness my oncologist was so on top of it!" On Oct. 12, after an MRI indicated a tumor and a biopsy confirmed it was malignant, Joyce underwent surgery for Stage 3 ovarian cancer.

"I attribute that race to saving my life. For some reason those signs just stayed in my head," said Joyce, who has participated annually in Jodi's Race for Awareness. On Saturday, June 1, Joyce will return to Denver's City Park for the fourth annual Jodi's Race for Awareness. There will be hundreds of runners and walkers at the event to help the Colorado Ovarian Cancer Alliance (COCA) to fulfill its mission: to support women in Colorado dealing with ovarian cancer, and to promote increased awareness about ovarian cancer through advocacy and education. **May GOD Almighty Bless And Protect America AND Our Military!**

May Americans NEVER FORGET that our FREEDOM is NOT FREE and comes at a GREAT price — from the beginning of America by our Founding Fathers until today! On this Memorial Day may we REMEMBER those who sacrificed their lives for us — our military and public servants — with a moment of reflection and a PRAYER and THANKSGIVING!

*Blessed is the nation whose God is the LORD ~ Psalm 33:1*

“Without God there is no virtue because there is no prompting of the conscience...Without God there is a coarsening of the society. And without God democracy will not and cannot long endure. IF we ever forget that we are One Nation Under God, then we will be a Nation gone under.”  
President Ronald Reagan, August 23, 1984
