## Outdoor Movie Night June 23

Submitted by KCR Foundation

The Ken-Caryl Ranch Foundation is excited to announce that we have a winner for our first Outdoor Movie Night. After having many Ken-Caryl Ranch residents go online to cast a vote, the winner is *Despicable Me*. The timing could not be better since *Despicable Me*

2 is coming out in the beginning of July.

The movie will be shown at sundown at Community Park, located between Kipling and Sangre de Cristo Road across from Shafter Elementary, on Sunday, June 23. We encourage people to come early and bring a blanket and picnic dinner. There will be opportunities to catch up with neighbors, soak up the sunshine, and enjoy snacks and drinks that will be available for purchase.

The Foundation would like to thank the following businesses that are helping to make this movie night possible — Colorado Credit Union, Whole Foods Market Governor's Ranch, Eva Stadelmaier, Geris Zebarth, Inc., and Bolder Staffing.

The Ken-Caryl Ranch Foundation helps support many local causes important to Ken-Caryl residents such as the Community Garden, the Academic Scholarship Award, the Ken-Caryl Home Tour, the Ken-Caryl Ranch Historical Society and the Trails Club. For more information, please visit [www.ken-caryl-ranchfoundation.org](http://www.ken-caryl-ranchfoundation.org).

Bears have been frequenting Ken-Caryl Ranch, and Park Rangers have started to place "BEAR AWARE" signs in highly visible areas around the Ranch. Please remove all bear attractants, including birdfeeders and trash. For a full article about bears, see Page 2, and remember, a fed bear is a dead bear.

## Whole Foods Giving 5% To Ken-Caryl Ranch Foundation On June 5

On Wednesday, June 5, shop at the Governor's Ranch Whole Foods Market at 5155 S. Wadsworth Blvd. in Littleton, and the store will generously donate 5 percent of that day's sales to the Ken-Caryl Ranch Foundation. The Foundation helps support many local causes that are important to Ken-Caryl residents such as the Community Garden, the Academic Scholarship Award, the Ken-Caryl Home Tour, the Ken-Caryl Historical Society, and the new Outdoor Movie Nights. For more information, please visit the Foundation's website at [www.ken-caryl-ranchfoundation.org](http://www.ken-caryl-ranchfoundation.org).

# Manager's Column

by KCRMA Executive Director Chris Pacetti

I would like to add my kudos to Cath Perrone's (see her Letter to the Editor on Page 18) about our "Not Just Electronics" Recycling Event on May 18. We had perfect weather for the day this year, not too hot and no rain. Cars were lined up down Continental Divide Road when we opened 15 minutes early at 8:15 a.m. It was reported by one participant that despite the long line, it only took them 22 minutes to complete the process.

In an effort to improve service, we divided the parking lot and offered two lines for dropping off electronics. We did not handle the volume of paper that you brought very well, so we will make some adjustments for next year. The new tire drop-off service was well received, so we will plan to keep that for the future. Also the household item drop-off with ARC seemed to be well-received so it is a keeper. Any other ideas?

Thank you to all who stopped by and especially to our partners: R2 Stewardship, KCRMD Parks, Waste Connections, Eagle Automotive and ARC. Of course the day would not be possible without Cath and her team of volunteers managing the traffic flow while providing helpful advice to our participants. We are scheduling a repeat for next May so start saving your stuff.

## Contractor Signage

by KCRMA Community Standards Administrator Julie Kearful

Spring and early summer bring a multitude of projects that create significant improvements to our properties, and many of these are performed by contractors. As I write this column, everything from new windows, new driveways, painting and landscape enhancements to new play structures, decks and pergolas is happening on Ken-Caryl Ranch.

From time-to-time, a contractor will post a sign in the yard where he/she is working — sometimes with your permission, other times you just notice it is there. During the time work is being done, this is allowed and not a

problem to anyone. As a matter of fact, most often homeowners are pleased that their neighbors are updating and upgrading their properties. However, as a reminder, please make sure that when the work has been completed, your contractor removes any signage that had been posted. Contractor signs are not permitted when no work is under way.

Please keep in mind that rules and regulations are dynamic in nature...new issues surface, new regulations are added, inappropriate ones are deleted and others simply are amended or updated. Ken-Caryl Ranch documents are available at the Ranch House and on our website at www.ken-carylranh.org so try to make certain you, too, are up-to-date. Also, don't hesitate to call me at 303-979-1876, ext. 119 or email juliek@kcranch.org should you have any covenant or architectural questions or comments. Help will be gladly offered.

# Ranger Field Notes

## Bears Active On Ken-Caryl Ranch

by Open Space Ranger Matt Oven

Bears have been frequenting Ken-Caryl Ranch, especially multiple sightings of a sow and her two cubs. Park Rangers have started to place "BEAR AWARE" signs in highly visible areas around the Ranch, in particular along the garbage route to remind residents to be vigilant

in removing attractants from their property. For the first few weeks following hibernation, black bears will drink lots of water, helping their digestive systems to adjust. Once they are ready to eat again, they become relentless in their search for food. A single bear can eat as much as 20,000 calories daily — the equivalent of about 250 cups of blueberries or 100 cups of nuts. When black bears find plenty of nuts, acorns, serviceberries, chokecherries, berries, carrion and seeds to munch, all is well; but when they discover food near homes or trash cans, they can get into big trouble with people. (Source: Colorado Parks and Wildlife)

until winter when bears are not active. **GARBAGE CANS** — Place outside only morning of pickup; clean cans with ammonia. **BARBEQUE GRILLS** — Clean after each use. **SMELLY ITEMS** — Don't leave food, trash, coolers, air fresheners or anything that smells in your vehicle. **HOUSE WINDOWS/GARAGE DOOR** — Lock bear-accessible doors and windows and keep garage door closed. Bears that get too comfortable around people can destroy property or even become a threat to human safety. Habituated bears **must often be destroyed**. Please don't let bears die needlessly. Do your part to bear-proof your home and property, and help keep bears alive and wild.

### Remember To Remove

# Resident Survey FAQs: Trail Trespassers, Camping Areas And Sprinklers

The full listing of survey comments and the answers to previous Frequently Asked Questions are available on our website at www.ken-carylranh.org under Community & News then Resident Survey.

### There is too much trespassing on the trails. What steps are taken to control non-resident use?

Many trails on Ken-Caryl Ranch are private and on land owned and managed by the Ken-Caryl Ranch Master Association. The Ken-Caryl Ranch Park Rangers and volunteers patrol the trails in an effort to identify non-resident users of the trails. When non-residents are contacted, they are asked to leave the private Open Space, however the South Hogback Open Space and Parcel A are open to the public.

To easily identify you as a resident and avoid being stopped by a Park Ranger, you can wear a neon blue Ken-Caryl Ranch Open Space Identification Bracelet. If you are wearing the bracelet where it is visible while using the trails and a Park Ranger approaches, he/she will recognize the highly-visible ID bracelet. As long as you are obeying all of the posted rules, you will not be stopped by a Park Ranger.

To obtain your own blue ID bracelet (if you have a PINK bracelet it is no longer valid) go to the Ranch House Recreation Office at 7676 South Continental Divide Road or the Community Center at 1 Club Drive. You will need to complete a simple registration form and provide proof of residency. There is no cost. Bracelets are issued one per individual and are not transferable. Also, our rules signs are posted at most Open Space access points and warn of non-resident use.

### Are there camping areas on Ken-

### Caryl Ranch?

Seven campsites are available for Ken-Caryl Ranch residents and their guests in the Open Space. These beautiful, private campsites are available just outside your back door! The majority of the sites are primitive backcountry sites without restrooms or water. Open fires are not allowed with the exception of Bradford. Please go to www.ken-carylranh.org and click on the Open Space drop-down for more information.

### What is being done to fix sprinklers so they don't water the sidewalks or run when it's raining?

All of the sprinkler systems in parks and greenbelts on Ken-Caryl Ranch are equipped with devices that automatically turn off the irrigation clocks when enough natural precipitation is received to tell the system to shut down.

However, many times it depends on how much moisture one of these devices actually receives at its particular location. If the system does not detect enough moisture has been received to warrant turning the system off, the sprinklers may run even when rain might be falling. We make every effort to monitor these devices and make repairs as soon as we think there might be a problem with a particular device.

As far as watering on the sidewalks is concerned, many times this situation is created by wind blowing the sprinkler water across the sidewalks. In addition, some of the design of the original irrigation systems on the Ranch included watering across some sidewalk areas. The new irrigation systems, which are being installed as part of our ongoing irrigation replacement project, do not include these types of design features.

# KC Ranch Foundation Awards Scholarship To Courtney Smith

North Ranch resident Courtney Smith, a senior at D'Evelyn Junior/Senior High School, was chosen by the Ken-Caryl Ranch Foundation to receive a \$1,000 scholarship. Courtney will be attending the University of Denver in the fall.

The Ken-Caryl Ranch Foundation awards this annual academic scholarship to a Ken-Caryl Ranch resident in their senior year of high school. The scholarship helps defray the costs of higher education. To apply for this scholarship, the applicant must submit an application and an essay about community service. Following is an excerpt from Courtney's essay:

"Growing up in Ken-Caryl, I have been exposed to the true values of community service. And even though there are many ways to get involved, I believe any act committed selflessly and for the benefit of others can be defined as community service. There is no measurement of influence that qualifies a deed as community service or not. It can be as large scale as organizing a fundraiser for a charity or volunteering countless hours at a hospital or as small as providing dinner for

Courtney Smith of the North Ranch was awarded a \$1,000 scholarship by the Ken-Caryl Ranch Foundation.

a struggling family or shoveling a traveling neighbor's driveway. Whether it is a large or small contribution, every charitable act impacts the community immeasurably."

Congratulations, Courtney, on this much-deserved scholarship!

### Ken-Caryl Ranch To Participate In Survey For Destructive Insect

Submitted by Colorado Department of Agriculture

Staff with the Colorado Department of Agriculture's Cooperative Agricultural Pest Survey (CAPS) program are preparing to put out large purple survey tools or traps for the detection of the Emerald Ash Borer (EAB). The project is in coordination with the U.S. Department of Agriculture, Animal and Plant Health Inspection Service, Plant Protection and Quarantine (USDA-APHIS-PPQ), and City Foresters from 27 communities on the Front Range, including Ken-Caryl Ranch.

This is the fifth year of the survey program in Colorado; staff will be placing traps in high-risk areas around the state and monitoring them until they are taken down in September.

The EAB, *Agrilus planipennis*, is a highly-destructive, invasive insect that has killed more than 50 million ash trees since its initial discovery in Michigan in 2002. In the last 10 years, the small, green metallic colored pest, originally from Asia, has spread from

Michigan to 19 states.

"While the pest has not reached Colorado, it was found last summer in Kansas City and has been detected as far east as New Hampshire. This year's effort to survey for EAB is targeted for the highest-risk sites in our state," said John Kaltenbach, Colorado Department of Agriculture's cooperative agricultural pest survey coordinator.

It is possible that EAB could infest an ash tree for three or four years before there are visible signs of decline in the tree. Trapping for insects is one way to detect beetles, but you can also be on the lookout for the following signs of an EAB infestation in your ash tree:

- Sparse leaves or branches in the upper part of the tree
- D-shaped exit holes about 1/8 inch wide.
- New sprouts on the lower trunk or lower branches
- Vertical splits in the bark
- Winding S-shaped tunnels under the bark
- Increased woodpecker activity

The public can play a vital role in the detection and reporting of exotic pests as well as in the effort to keep exotic pests out of Colorado. Of particular importance is the role that the movement of firewood plays in the spread of pests.

"Moving firewood across the state can contribute to tree mortality," said Kaltenbach. "Insects and diseases can be transported with the wood and can hurt or even kill Colorado's forests."

One easy tip is "Buy It Where You Burn It." Campers are urged to buy their firewood at their destination, thus preventing the spread of any insects or diseases that can be found in or on the wood.

The CDA's CAPS program is an early detection program to find exotic insects and diseases that could cause significant economic damage to our agriculture and natural resources. Targeted surveys, trapping or sampling, are conducted annually to detect pests that are likely to be introduced to Colorado via commerce, human travel or natural spread.

The CAPS program is funded and directed by the USDA-APHIS-PPQ and combines the efforts of the Colorado Department of Agriculture, Colorado State University, Colorado State Forest Service, other state agencies, industries and professional organizations.

## Mounds Of Electronics Recycled At Annual Event

Submitted by Cath Perrone,  
2013 Event Coordinator

Ken-Caryl Ranch residents took full advantage of the annual "Not Just Electronics" Recycling Event, bringing truckloads of electronic equipment to the Ranch House on Saturday, May 18.

In addition to the unwanted electronics, appliances, televisions, large trash items, scrap metal and secure paper disposal were processed that day at this Ken-Caryl Master Association sponsored event. A huge thank you goes out to **R2 Stewardship Responsible Computer & Electronic Recycling Solutions, Waste Connections Trash Service, ARC Donations and Eagle Automotive** companies for planning, staging and operating this event in a professional and

highly-efficient manner. This year's addition of the tire recycling and ARC donation truck were a big hit. Also, thank you to our own Ken-Caryl Ranch Metro District crew for working the chipper, making short work of all the wood and landscaping materials.

Items were processed quickly, even during the peak 8:30 to 10 a.m. window. Many residents shared that they were impressed with the efficiency and expressed their gratitude for having these services available at the Ranch House.

If you missed this event and have unwanted electronic items to recycle, hazardous materials or large trash items to discard, please contact the following companies for service information:

- For electronic recycling services, please

contact **R2 Stewardship Responsible Computer & Electronic Recycling Solutions** at 303-781-1089 or visit their website at [www.r2stewardship.com](http://www.r2stewardship.com) for more information about their services and fees.

- Hazardous Materials such as paints, flammable liquids and cleaning fluids can be disposed of at **Rooney Road Recycling Center**. To schedule a door-to-door pick-up to dispose of household chemicals for a fee call Rooney Road Recycling Center at 303-316-6262. For hazardous disposal information, please visit their website at [www.rooneyroadrecycling.org](http://www.rooneyroadrecycling.org).
- For large trash items (i.e. mattress, lumber, yard waste, furniture, toilets, etc.) con-

tact **Waste Connections** at 303-288-2100 to arrange for curbside pick-up as part of your weekly trash service and to learn more about their services and fees.

- For proper disposal of alkaline batteries (Type: AA, AAA, D, etc.) bring them to the local Ace Hardware store.
- For proper disposal of compact fluorescent light bulbs bring them to the local Home Depot store.

On behalf of the Ken-Caryl Ranch Master Association, I thank all the KCR residents who participated in the event. See you next year! If you have any comments or suggestions to make this event even better, please contact Chris Pacetti at [chrisp@kcranch.org](mailto:chrisp@kcranch.org).

# Minding Our Business

Chatfield Senior High student Savannah Follette is shown in this senior portrait taken by Vision Photography.

Vision Photography employs approximately 20 people during their peak seasons. Shown here is the talented staff.

## Vision Photography Local Studio Specializes In Senior And Family Portraits

by Community Relations Director  
Victoria DeSair

Spectacular photos provide cherished memories for generations to come. Sometimes it might be difficult to find the right photographer to capture your images, but

there is a professional photography studio to meet your needs right here in the neighborhood.

Vision Photography, located at 8241 S. Continental Divide Road, is a full-service portrait studio specializing in high school seniors,

families (especially just before the holidays), children, newborns and maternity sessions. The studio has an expansive facility with both outdoor and indoor session areas.

Vision is owned by Littleton resident Graham Wilson. Although Vision has been in business for 10 years, the studio just moved to their Ken-Caryl Ranch location in early 2012. Prior to moving, the business had a studio near Downtown Littleton. Graham said he searched for the perfect studio location for about five years before he found exactly what he was looking for at the current site near Chatfield Ave. and Continental Divide Road.

"We have been so welcomed into the Ken-Caryl community and supported in our quest to make all of our creative dreams become reality. We would love for our neighbors to stop by for a visit. I'm sure they'd be surprised as to what we've made of the old Gingerbread House," Graham said.

"Before opening Vision, I had worked as a photographer not only on cruise ships, but also in other portrait studios," said Graham, who is originally from Edinburgh, Scotland. "I always knew that I wanted to make senior and family portraits an unforgettable experience with a consistent, quality product. I couldn't do this in the situation I was in, nor by myself. So, I opened a studio where I was able to surround myself with other people who shared my vision and had strengths that were different than mine. Together we have created the experience and business I knew we were capable of!"

Graham said that Vision Photography is differentiated from other portrait studios because their photos are not traditional portraits. They focus on using natural light and candid posing. "We really want to capture who you are without making you look posed or overly retouched. Our studio also prides itself on the relationship we build with our clients. All of our sessions are designed to capture an exciting time in your life, and while working with us, our clients really become a part of our little Vision family."

When asked what his favorite thing is about his job, Graham said he wouldn't consider what he does a job. "I developed the idea of Vision Photography out of my passion for the art and the idea of creative innovation. What I love is working with people who enjoy coming to work every day. All of our talents complement each other, and together we dream up big ideas and work as hard as we can to accomplish them."

In addition to the photos with this article, you can see examples of Vision Photography's work in the flyer inserted in this issue of *Life at Ken-Caryl*. If you mention the paper, Vision Photography will give you \$10 off a senior portrait session. Also, stay tuned for a family special this fall for the holidays! # Ken-Caryl Community Garden 2013 Spring Notes

This marks the third year for the Ken-Caryl Ranch Community Garden, and it is growing strong. On May 18, three Master Gardeners from the Colorado State University Extension office visited the garden and offered advice concerning the planting and care of vegetables. Many gardeners took advantage of this personalized instruction, which resulted in beautifully-planted gardens.

The Master Gardeners were very informative and offered numerous suggestions for the early part of the growing season. A few of their suggestions are mentioned below.

They recommended that the best fertilizer for Colorado soil is either fish emulsion or kelp, which should be applied every two weeks until fruit is present then back off. It

is best to dig trenches or create soil saucers around the plants and water from below so as to keep the leaves dry. Apparently wet leaves can encourage disease to attack the plant. Grass clippings are great to hold in moisture and heat, however do not use if an herbicide, pesticide or insecticide (fertilizer is ok) has been applied to the grass. Do not make the clippings more than two inches deep.

There was much discussion about the proper way to plant tomatoes. The consensus of the Master Gardeners was to plant the new plant 1/3 of the stem length underground. Tomato roots emerge from the length of the stem underground. Definitely form a soil saucer under the plant and DO NOT get

the leaves wet when watering or let them touch the ground. Tomatoes like warm temperatures and a consistent watering schedule.

The Master Gardeners are returning to the community garden on June 18 at 6:30 p.m.

for another informational meeting. The public is welcome to visit the garden at that time to seek plant advice from the Master Gardeners. CSU has a gardening website that has informational fact sheets available on gardening topics and more: [www.ext.colostate.edu](http://www.ext.colostate.edu).

Stallion Pointe resident Janet McMahon discusses her Ken-Caryl Ranch Community Garden plot with two CSU Master Gardeners.

## Men's Bridge Group Looking For Members

A men's bridge group has been meeting at the Ranch House for 23 years. Membership has changed in the group over the years, but bridge still remains a popular pastime for all who play. Legacy resident Tom Van Egeren has played with the group for several years. "Every time I play with the group, I learn something about bridge. It's a very relaxed, comfortable setting. There is a range of skills with the players, and it's a great learning group," Tom said.

The group is always looking for new members to join. It plays every Monday from 9 a.m.

to noon at the Ranch House. The environment is relaxed and friendly with coffee and treats provided. Call Tom at 303-979-6626 for more information or just show up.

Discover the best of both worlds — a play-based preschool program alongside structured learning — at Jordan Alexander's Preschool Academy!

JAPA teachers combine the center's thematic curriculum with academic concepts in conjunction with play-based methods to support each child's total development. The Colorado Department of Education's Building Blocks curriculum model serves as our starting point: teachers plan and implement age-specific learning domains infusing each activity with classroom-specific creativity. This innovative curriculum approach is successful in regard to addressing and mediating the division that exists between academic and play-based schools of thoughts in an early childhood educational setting, proving that there is a happy medium: Jordan Alexander's Preschool Academy.

Spring Wildflowers Around The Ranch

by Environmental Education Specialist Ernie Stone

As the seasons change in the Ken-Caryl Ranch Valley, so do the wildflowers that are blooming in the Open Space. Some of the early spring wildflowers that are blooming now are as follows:

**Blue Mustard**  
*Chorispora tenella*

You will find this flower blooming along the trails, open meadows and anywhere that the ground has been disturbed. The blue mustard or purple mustard gets its name from its purple/blue four-petal flowers. The leaves have wavy margins, and the plant grows from six to 18 inches tall. The blue mustard is a non-native coming from Russia and Southwest Asia. It is on the Colorado state noxious weed list as it will take over crops decreasing yields and causes off-tasting milk from dairy cows. The blue mustard is edible, tasting like radishes.

**Common Dandelion**  
*Taraxacum officinale*

I'm sure that this flower does not need an introduction, but did you know that the flower head is made up of many individual ray flowers. Each ray flower produces one parachuting seed, which is the secret to the success of the spread of this non-native European plant. Dandelions get their name from the shape of the leaves that were thought to look like the teeth of a lion. Europeans moving here brought the dandelion as a salad green. Every part of the dandelion is edible. You can use the leaves in salads, make tea or wine out of the flowers and use the root as a laxative or to treat heartburn. The root can be ground up and browned in the oven to make dandelion coffee. It is hard to eliminate dandelions in your yard as they reproduce from the seeds and from the root that branches out several feet below the surface. Cattle, sheep and black bears love to graze on dandelions.

**Spring Beauty**  
*Claytonia rosea*

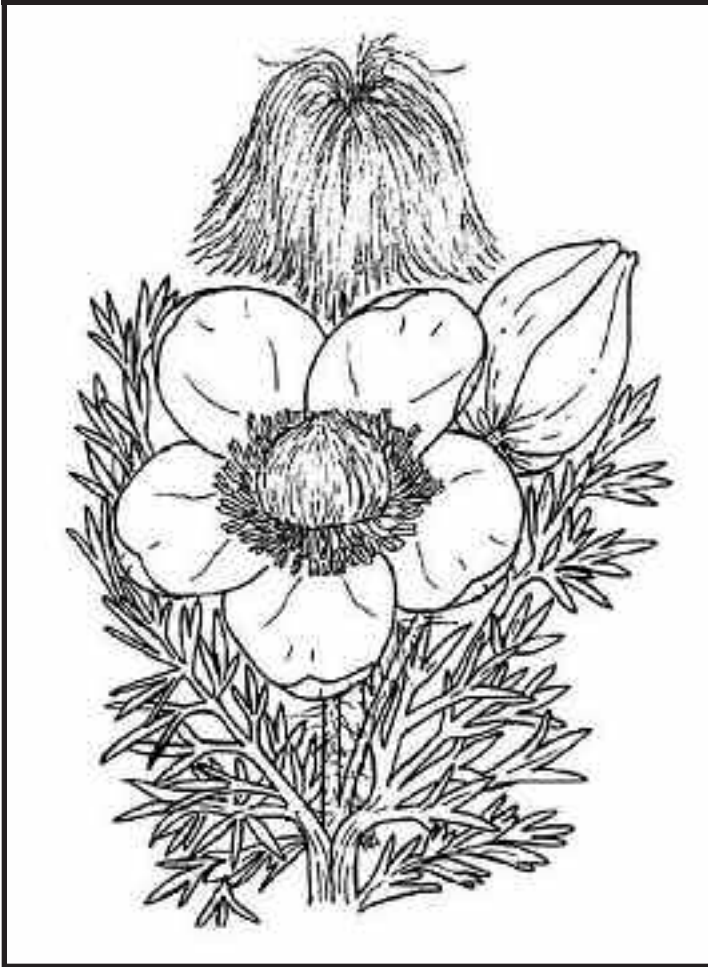

You can find this flower blooming under the scrub oak along the Lyons Hogback trails. The flowers are a pale pink to white with darker pink veins. It blooms from March to June and is a favorite food for deer, elk and bears. The leaves are lance shaped. The corms, the fleshy base of the stem, can be eaten raw and taste like water chestnuts or boiled and taste like potatoes.

**Pasqueflower**  
*Pulsatilla patens*

The purple to white cup-shaped bloom is often mistaken for cro-

Kids' Corner

Look up the pasqueflower in a plant ID book or search online and then color this picture.

cus. You will often see this flower blooming along the upper Bradford Trail and Shaffer Trail, peeking through the melting snow. The early flowers and buds are encased in a slender furry bract. The leaves do appear after the plant starts to bloom and are fuzzy and palmate, hand shaped. The fruit is a shaggy silvery head with a long, feathery tail.

If you would like to learn more about wildflowers blooming in the Ken-Caryl Valley, join me Saturday, June 8 from 9 to 10 a.m. Meet at the Ken-Caryl Ranch Community Center. ## Summer Activities With The Parent Network

Submitted by Keri Pugh, KCPN

Experience yoga like you never have with Ken-Caryl Parent Network friends at Michael Franti's Acoustic Yoga on the Rocks on Wednesday, July 3! This event includes a 60-minute yoga jam class led by Gina Caputo with live acoustic music by Michael Franti & Friends.

Plan to bring a yoga mat, sunscreen, water and a hand towel. KCPN will coordinate a carpool for attendees. Doors open at 11 a.m., and the class starts at noon. Get your tickets now at ticketmaster.com or by calling 800-745-3000, as this event is expected to sell out.

The KCPN Couples' Wine Tasting Enthusiasts group went to the Manor House wine tasting event on May 18. The group will tour the wines of France on June 22.

General admission tickets are available for purchase at Ticketmaster for \$19.50 plus service charges.

KCPN members enjoyed a nice spring hike at the Prelude to Summer Hike in May. Join KCPN now so you don't miss these great events!

Summer is approaching, which means kids will be out of school and outside, involved in sports camps and various activities. Children could be more at risk for a head injury during this time. Join KCPN for a workshop on this common and dangerous issue on Monday, June 17. Dr. Suzanne Rosenberg (Meinert) is a pediatrician specializing in brain injuries and concussions. She will address how to identify if your child has sustained a concussion, what to watch out for, how to take care of your child as he or she heals, as well as new legislation regarding concussions and the responsibilities of schools and the athletic community in preventing these injuries. With the weather warming up, the KCPN

Social Club is heading outside to unwind and relax around good company on the Manor House veranda. Come by to enjoy the fresh air and amazing views! The next gathering is June 18 at 7:30 p.m. The Couples' Wine Tasting Enthusiasts group will tour the wines of France on June 22. Many outdoor-oriented SIGs are in full swing like the running club, cycling clubs for both men and women, men's golf group, and the new women's weekday morning hike group!

## Local Teachers Honored At Teacher Appreciation Dinners

Submitted By Babzanne Barker

Twenty-nine local teachers were honored at two Teacher Appreciation Night dinners on April 26 and 27 sponsored by The Columbine Stake of The Church of Jesus Christ of Latter-day Saints.

Three of the students who selected teachers for the award were Ken-Caryl Ranch residents: Jessica Johansen of Deerwood Vista, Travis Oldham of Retreat and John Shanley of Stallion Pointe. All three students attend Chatfield Senior High School. Jessica chose Kristin Hepting, Travis honored Dale Clark and John selected Pat White. All three of these teachers work at Chatfield Senior High.

The teachers were joined by nearly 100 students, parents, and church and school leaders for dinner and tributes each night. This was the 14th annual Teacher Appreciation event sponsored by the Columbine Stake.

Every graduating senior in the six congregations of the Columbine Stake was encouraged to invite a teacher who had been a positive influence in their lives. Their parents, bishops and youth leaders were invited to attend with them. Also on the guest list were the high school principals, the community superintendent and Jeffco Board of Education members.

Each student presented a short tribute to their invited teacher. Each of the tributes by the students included the reasons their chosen teacher was important to them. After a response by the teacher, students and teachers had their pictures taken as a memento of the special night.

Also in attendance on Friday night were Jeffco Board of Education president Lesley Dahlkemper and Community Superintendent Dan Cohan. Saturday night's special

guests included Columbine High School principal Frank DeAngelis, Dakota Ridge principal James Jelinek and his wife Laura, and Jeffco Board of Education member Paula Noonan.

Jessica Johansen of Deerwood Vista with Chatfield Senior High School teacher Kristin Hepting.

Travis Oldham of Retreat with Chatfield Senior High School teacher Dale Clark.

John Shanley of Stallion Pointe with Chatfield Senior High School teacher Pat White.

Submitted by Pete Foster, Vision Quest Entertainment

# Letter To The Editor

Dear Editor,  
On May 18, I witnessed firsthand what great services our local Master Association can provide for us. The annual "Not Just Electronics" Recycling Event was held with over 600 residents bringing electronics, TVs, appliances, landscaping and large trash to the Ranch House.

As the citizen volunteer of this event, I wanted to reach out and thank those who made it all possible. Chris Pacetti, MA Executive Director, for doing all of the initial work by coordinating the various businesses and organizing the set-up. In addition, he was seen unloading quite a few cars throughout the day. R2 Stewardship Responsible Computer & Electronic Recycling Solutions for the fourth year bought so many helpers to unload all the items, it made the whole process

move swiftly. What a professional company! Thank you to our regular trash guys from Waste Connections for coming out on a Saturday to crush all those big trash items. And a shout-out to our very own Metropolitan District employees for running the chipper all day long: Kyle Elliott, Ross Villeneuve, Dan Bedoy and Nelson Gustafson! Thanks to Eagle Automotive for offering tire recycling that was new this year and a big hit with 62 tires collected.

To my friends and neighbors who volunteered to provide the much-needed traffic direction: Steve and Sherry Engleman, Robin Scott, Charlie Cassel, Gary Sundberg and Glenn Goodwin. And to my better half, Phil, for working alongside all of us, ensuring the day went off without a hitch.

I am always amazed by the amount of ma-

terial that is collected from our homes and property. Thank you to all those residents who cleaned out and loaded up! I look forward to volunteering for next year's Spring Electronic Recycling Event.

If you missed this opportunity, learn how to dispose of electronics, hazardous waste and large trash items year-round in the Recycle Event article in this issue on Page 5.
