## Dumpsters and Bagsters

The Master Association understands and appreciates that Dumpsters, Port-o-Potties, and Storage PODs are necessary articles for large construction or home improvement projects. Typically, these articles are part of a planned project, have timelines assigned to them and are often gone as soon as the project is done. These items should never be placed in front of or on anyone else's property or the open space. Your driveway or in front of your property are acceptable locations. Bagsters by Waste Management are a great way to manage debris from smaller home improvement projects. If you use a Bagster for a project, please have it picked up within 10 days of set up.
