Attend Ken-Caryl Ranch Meetings In-Person or Via Zoom – It's "Your Call"

Did you know you can enjoy all the thrills and excitement of Board and committee meetings from the comfort of your own home? Most committee and Board meetings are now in-person and open to the public, but you can also listen and share your ideas for some meetings while sitting on your couch sipping lemonade.

The Zoom information for meetings is posted on the meeting agendas, and you can have those agendas delivered straight to your email box (or find them at our website). To have meeting agendas delivered to your email inbox, click on the button below. We would love to have you join us!

Employment Opportunities

Watering Schedule for New Sod

Over the past several weeks, the Parks Department has installed over 10,000 square feet of new sod in areas throughout the Ranch. In order to establish the new grass, we need to keep it moist throughout the hot part of the day. Our normal watering schedule for the parks is between 6 p.m. and 10 a.m. This is in keeping with the Denver Water Department's guidelines. For the period of time needed to establish the sod, you will be seeing water running in areas outside of our normal watering schedule. We are monitoring the sod and will reduce the extra water once the grass has rooted.

Have You Seen This Grouse?

Our neighborhood feathered curmudgeon is back. Be aware of a small chicken-like bird (Dusky Grouse) that has been acting aggressively toward trail users. Residents are encouraged to take the following steps if you are approached by a grouse:

- Keep your dog on a leash at all times. Consider leaving your dog at home.
- If the grouse approaches you, do not panic. Do not strike or kick at the bird. Use a trekking pole, backpack or bike to shield yourself. The grouse weighs approximately 2 pounds and is unlikely that the bird will cause any serious harm if he strikes you.
- Move along! Do not give the grouse a chance to get close to you. He may chase you, but if you keep moving, he will stop and turn around.
- Hikers: stay on trail.
- Bikers: control your speeds. If you come across the grouse on the trail, dismount and walk around him. Do not try to ride around the grouse.
- Equestrians: be alert. Your horse may be spooked if approached by the grouse.
