Waterline Replacement at Ranch House

The Ken-Caryl Ranch Water and Sanitation District will be replacing the existing 6-inch waterline that provides both potable water and fire protection water service to the Ranch House. Additional fire hydrants will also be added around the Ranch House campus. The water line runs from Dakan Mountain, between two tennis courts, through the Ranch House parking lot, through the frisbee golf course, and ends on Continental Divide. The project will begin in Sept. 19 and is expected to be completed by the end of the year. The project will be done in phases as to not disrupt the entire area at one time. We will communicate any needed parking lot or frisbee golf closures as needed. Thank you for your patience!
