★ **I have a 5-year-old going into Kindergarten next school year. Should I register them for the pre-school or school-age camp?**

The biggest difference between these camps is the pace. Our pre-school camp will have a daily designated nap time and has an overall slower pace of the day. The school-age camp does not have a nap time, but most days will have a 30 minute quiet "chill" time. The overall pace of the school-age camp is considered much faster than the pre-school camps. We recommend if your child is going into Kindergarten for the upcoming school year to sign up for the school-age camp.

★ **Is my family considered priority status for registration?**

If you are a current pre-school family and were enrolled by January 2023, your family is priority. If you are a current Before & After Care (B&A) family who has attended at least 8 times per month, for 4 months prior to March 2023, your family is priority. These months do not need to be consecutive.

★ **Are there other camp options other than the traditional camps?**

Yes! KCR hosts several sports camps and other enrichment camps every summer. To see what school-age enrichment camps that will be offered, check-in on the website [here](#). This page will be updated as summer gets closer. Interested in what sports camps KCR may be hosting? You will see these linked online as well [here](#).

★ I have a pre-teen/teenager. Does KCR offer camps for this age group?

★ Why are pre-school hours differing from the school-age camps?

Due to the active nature of camp, early childhood age appropriateness, and feedback we have determined these hours will provide the most successful environment for the participants and the staff.

We will have each camp's field trip schedule posted online by end of day March 3, 2023.
