Take Our Community Composting Survey!

The Master Association is interested in gathering community feedback on an optional community-wide composting collection service that includes residential curbside pick-up and drop-off. This program would be voluntary for each homeowner to participate in. If at least 200 residents are interested in participating in fee-based curbside composting, Compost Colorado will launch a pilot program for our neighborhood. The service would be homeowner-paid, meaning community composters would pay for the service directly through Compost Colorado's website. Payment could range from \$12 to \$17 per month, depending on how many residents sign up. Only participants in the program would be charged a fee.

For more information and to take the survey, please click on the button below. Survey closes on Friday, June 16.
